

2006 Fall “SIWzie” Awards

Below is the list of papers that will receive a **2006 FALL “SIWzie” Award**. The papers are listed in descending order of consensus among the judges. Equally ranked papers are listed in numerical order. All of these papers may be accessed via the SISO web site at:

<http://www.sisostds.org/siw.htm>

- 06F-SIW-024** **A Management Overview of the HLA Evolved Web Service API**
Björn Möller
Staffan Löf
- 06F-SIW-009** **Progress Toward a Format Standard for Flight Dynamics Models**
E. Bruce Jackson
Bruce L. Hildreth
- 06F-SIW-107** **HLA Performance: What Really Matters?**
Ben Watrous
Len Granowetter
Douglas Wood
- 06F-SIW-008** **Merging Protocols, Grammar, Representation, and Ontological Approaches
in Support of C-BML**
Chuck Turnitsa
Dr. Andreas Tolk
Saikou Diallo
- 06F-SIW-036** **Shared Data Services In Support of Communication and Network
Modeling, Simulation, and Analysis: An Architectural Overview**
Cam Tran
- 06F-SIW-067** **Bringing Multi-Resolution Into Sharper Focus for the Warfighter**
Frank Hill
- 06F-SIW-056** **A Narrative Approach to Simulation-based Training**
Jacqueline Haynes
Preetam Maloor
Margaret Lyell
Michelle L. Zbylut

06F-SIW-114

Joint BC & Simulation Systems Initialization Process

Ronald B. Sprinkle

Christopher Black

06F-SIW-021

Network Modeling and Simulation in the OneTESS Program

Wayne A. Lindo

Dr. Robert J. Hall
